

ETESIA

PRODUCT LIST

The PRO 46

PROFESSIONAL

from the ground up

Re-engineered to be an even better mower, the PHTS3 and PHE3 Pedestrian Rotary Mowers are **ROBUST, DEPENDABLE, ERGONOMIC** and **USER FRIENDLY**

- Available in SINGLE SPEED SELF PROPELLED (PHTS3) and PUSH (PHE3)
- 46cm cutting width
- Xenoy cutting deck for increased strength
- Individual height of cut adjusters
- Supplied complete with grass box and rear deflector as standard
- New 22mm handle bar design
- New Honda GCV170 engine
- Vibration level 2.8 Ms/2

ATTACHMENTS & ACCESSORIES

Scarifier Rake

For keeping lawns and turf looking good all-year-round, a scarifier attachment is now available to fit three model sizes in the Etesia ride-on mower range. Fits all Bahia, Hydro 80 and SKD models.

Scarifier Attachment

The front-mounted scarifier attachment, which can be quickly fitted with no tools, has two fully-floating heads which allows it to follow ground contours. It has a working width of 1.25 metres and has been specifically designed for fast and effective coverage on large areas such as sports grounds and large ornamental lawns. Fits all Hydro 124 models (Front linkage kits may also be required).

Mulching Kit

Fitted with an optional mulching kit, your Etesia ride-on mower becomes to an outstanding mulching mower. Variants available to fit all Bahia, Hydro 80 and Hydro 100 models.

Street Sweeper

Transform your Etesia ride-on mower into a multi-purpose machine with an optional street sweeper. Fits all Hydro 100 and Hydro 124 models.

ATTACHMENTS & ACCESSORIES

Snow Plough

The Etesia snow plough provides effortless clearance of snow from your driveways, paths and access areas. Fits all Etesia ride-on mower models.

Weeding Brush

The weeding brush attachment is compatible with Etesia's Hydro 124 DN and Hydro 124 DX machines for the safe removal of weeds and algae without the use of any chemicals. Ideal for use on block paving and tarmac, the 500mm diameter brushes with a working width of 150mm.

RK41

RK46

Roller Kits

Easy, effortless striping – in all weathers.

RK41 fits 41cm machines including NACS, NACTS, NBCS, NBCT.

RK46 fits 46cm machines including PKCTM, PHCT, PHCS.

MSC45 Scarifier

- Curved hand grips for operator comfort
- Versatile: scarify and moss remover
- Work unit quickly interchangeable (no tools required)
- Spring tine unit as option
- Split resistant rear deflector
- Continuous depth adjustment
- Throttle lever with work position and slow position
- Roller bearing wheels
- Thanks to its interchangeable reels, the scarifier is the perfect rental tool

Model Code	MSC45
Cutting Width	18" (45cm)
Engine	Honda GX160
Capacity	5.6HP – 4kW
Area Coverage	up to 1500 m²/h
Weight	45kg

Accessories

Quick switching system of the work unit:

1 fixed blade supplied
(ref. MZ45C)
scarifier function

1 spring blade
(ref. MZ45R)
moss remover function
for use on fine turf areas

Duo Cut 46 (Semi-Pro)

THE ETESIA RANGE OF PEDESTRIAN MOWERS

Unrivalled Cut and Collect in any weather.

The best cut and collect or mulch performance on the market.

The Etesia range of pedestrian rotary mowers sets the industry standard.

Available from 37cm-53cm cutting widths and push, single or variable speed options, there is an Etesia pedestrian mower for any use. All this adds up to machines that are purpose built professional mowers for professional use.

Full product details at www.etesia.co.uk or put us to the test and contact us for a free onsite demonstration on 01295 680 120

Add a rear roller to our 41cm or 46cm machines for the perfect stripe.

Donky Electric Wheel Barrow

Model Code	MBE
Capacity	250kg
Engine	Electric Motor (2 Speed)
Water Tank	85 litres

Bahia

Model Code	M2E
Cutting Width	32" (80cm)
Engine	Electric
Drive	Semi
Collection	Ground Tip

Duo Cut

Model Code	PABCTS
Cutting Width	18" (46cm)
Engine	Briggs & Stratton Plug in Battery
Drive	Self Propelled
Collection/Grass Box	Standard
Mulch	Standard

Duo Cut

Model Code	NACS
Cutting Width	16" (41cm)
Engine	Battery
Drive	Push
Collection	Standard
Mulch	Standard
